Dear Mr Cummings,

Thank you for your letter to Minister Kim Carr of 29 July 2013 regarding questions for CSIRO. Consistent with the caretaker conventions during the current federal election period I am responding on behalf of the Minister.

As you note in your letter, you have previously asked the same questions in letters to various Ministers and received responses from them and from the CSIRO.

As you indicated in your letter to Mr Scott Morrison MP of May 2012 that you will not be taking advice to develop your ideas through the scientific literature there is nothing further to be added.

I wish you well in your future endeavours.

Yours sincerely
