19 January 2010

Celebrate Australia Day 2010

Federal Member for Hughes, Danna Vale MP extends her best wishes to families in the Hughes Electorate this Australia Day and urges everyone to enjoy this special family day.

Mrs Vale believes January 26 is about celebrating the things that unite us as Australians.

“We should be proud of our commitment to core civic values like our generosity of spirit, a shared belief in the democratic process, respect for the rights and liberties of others and a fair go for all.

“I hope all Australians engage in this important event and re-commit to making our country an even better place for the future,” she said.

This Australia Day, Mrs Vale urges local residents to be mindful of water safety and to take steps to prevent drowning tragedies. Free copies of Laurie Lawrence’s *Living With Water* DVD which covers all aspects of water safety for parents and carers of children under 5 are available from her office: telephone contact 9521 6262.
